Equipment Hire

The Welcome Centre can hire additional equipment to expand on its core infrastructure. Please contact a member of the team for more information.

Radio Mics

It is the responsibility of the Visiting Company to ensure that all radio equipment, except that provided by the venue, such as radio microphones and two-way radios are properly licensed. A copy of all applicable radio licenses should be available. The venue will refuse the use of radio equipment that cannot be shown to be licensed, or licence free.
